The Drummers Meeting

The annual meeting of the Missouri Drummers Association held in Marshall last Thursday, Friday and Saturday is now a thing of the past and we know more about it now than two weeks ago. The drummers, as might have been expected, are a bright lot of men—in fact, the "pick" of a community very frequently. They came to Marshall to have a good time and our people did their best to entertain them. But some had one idea of a good time and some another, so when their beer was sent away, it looked very blue to some. The others had a good time anyway. The city ought not be blamed for sending the beer away nor for being "dry". It was a fact decided by ballot and declared by law and if there was a mistake made it was in trying to hold a wet meeting in a dry town. There was no violation of law in bringing the beer here, simply an act of discourtesy according to the dry view. The matter was peacefully settled though and should remain settled.

Some of the special features of the meeting were the parades of Thursday and Friday afternoon—Thursday's being a comic affair and Friday's a dress parade of drummer's in uniform and their best smiles. The uniform consisted of white hat, white shirt and white trousers, with a white and yellow parasol—a pretty effect but rather cool on a chilly day as Friday.

Friday night a big ball was given at the Colony, participated in by many of our citizens.

Saturday morning at a business meeting John C. Griffin of Kansas City was elected president for 1911. S. D. Berkley, of Marshall, vice-president; L. S. Trampe, St. Louis, 2d vice-president; J. M. Pickrell, St. Louis, 3d vice-president; H. W. Michaels, Boonville, 4th vice-president; R. W. Griffith, Sedalia, 5th vice president; A. L. Hawkins, of Jefferson City, secretary; Noan Edwards, Macon, treasurer; Elder A. N. Lindsay, Clinton, Chaplain.

Drummer Notes

The band boys "rubbed it in" on the "drys" Friday afternoon by capturing the water wagon (street sprinkler) and as many as could climb on did so and to the tune of "O'Happy Day" played "Oh, I'm so Dry." To vary the monotony, they had a good supply of bottled beer which they partook of between times. It was a hard rub for the drys, but they had to acknowledge the joke a good one on them.

Poepping's band is one of the best in the state and their music was appreciated by our people.

Marshall was never more tastefully decorated than during the Drummers' meeting. A professional decorator with a big supply of bunting and flags literally covered most of our buildings on the square and flags and banners floated over the streets in profusion. The sight was inspiring and helped to make all catch the spirit of the affair.

The minstrel entertainment at the opera house Thursday evening was a big success. The affair was in charge of home talent, aided by some of the visiting drummers. It was largely attended.

Knights of Columbus Ball

Edward Hamill Council No. 878 had a big ball at K. of C. hall on Wednesday night. It was, as usual with the Knights, a brilliant and pleasant affair. There were a large number of out of town visitors from Gilliam, Slater, Glasgow, Boonville, Shackelford, Mt. Leonard, Lexington and other points. Vawters orchestra furnished the music.

A Kick from Kirkeville

Last Friday's issue of the Marshall Daily Democrat had in it an account of the game between M. V. C. and A. S. O. in which the latter were called "rubbers" and were accused of pulling off several bone headed plays. It is not the purpose of this short article to give an exposition of Osteopathy and to tell how it differs from mass sage for in all probability the author of the misnomer "never could know and would not understand"; but I wish to say that the attributing of bone headedness to our play indicates clearly that the person who wrote the article is as deficient in his knowledge of base ball as he is in that of osteopathy. A bone headed play is not a mechanical error, such as we made, but a failure to use judgment or a positive display of bad judgment in the executing of a particular play. For example in base ball parlance, the account of the game referred to would be called a bone headed write-up because the writer displayed bad judgement, also the absence of a write-up in Saturday's paper after the A. S. O. had defeated M. V. C. indicates bone-headedness showing as it does a lack of good judgement. In the first we have the presence of bad judgement and in the second we have the absence of good judgement, in other words the little affair gives us an excellent exemplification of two kinds of bone-headedness.

Nay, nay, kind sir! a bone doctor is not necessarily a bonehead though he often has much experience in treating them, and to his tender mercies I would commend you.
